

Boone County Fair Truck Pull 2008

General Rules: (pickups only)

Driver only when pulling—no passengers allowed.

Pit pass given to driver only.

Drivers under the influence of alcohol will not be allowed to pull.

No refunds.

\$20 per pull

Only non-sanction vehicles allowed.

Engine block must be in factory location.

Stock wheelbase.

Truck must have complete sheet metal (hood, fenders, cab and box).

Hitch point must be behind factory box.

Hitch height is 26 inches.

Naturally aspirated only, except diesel.

No alcohol.

No nitrous oxide or pressurized fuels.

Every truck will be weighed and hitch measured before each pull.

If any weight falls off the truck or touches the track during the pull you will be disqualified.

If any part of your truck or the sled goes out of bounds during the pull you will be disqualified.

Any truck disqualified will lose their entry fee.

First puller of each class has the option to repull in the last position. Decision must be made before the vehicle pulls away from the spot on the track where the puller stopped.

Each puller will be allowed two attempts to make a measurable pull, but must attempt to stop before the sled passes the 75-foot mark.

Open gate for every pull
